

YOUTH RED CROSS (YRC) ACTIVITIES 2025-26

The **Youth Red Cross (YRC)** is the Youth wing of the Indian Red Cross Society. It is a voluntary humanitarian organization for students, at college level, that works to promote health, service, and friendship among people.

Motto : “Service to Humanity”

Objectives of Youth Red Cross

- To promote good health and hygiene among students and the community.
- To encourage service-mindedness and volunteerism.
- To develop leadership qualities and teamwork.
- To provide relief during disasters and emergencies.
- To promote national integration and international understanding.

Major Activities

- Organizing blood donation camps
- Conducting first aid training programs
- Health and hygiene awareness campaigns
- Community service activities
- Disaster preparedness and relief work
- Environmental protection programs

Importance of Youth Red Cross

The Youth Red Cross helps young people develop a sense of social responsibility. It teaches discipline, compassion, and cooperation. Through active participation, students learn how to serve society selflessly and respond to emergencies effectively.

Conclusion

The Youth Red Cross plays a vital role in building a caring and responsible generation. By serving humanity and helping those in need, members contribute positively to society and uphold the values of kindness and unity.

Activities carried out under YRC of

LAKSHMI NARAYANA REDDY B
Coordinator-YRC & HOD
Department of Mechanical engineering
